

How to Assign an Assignment

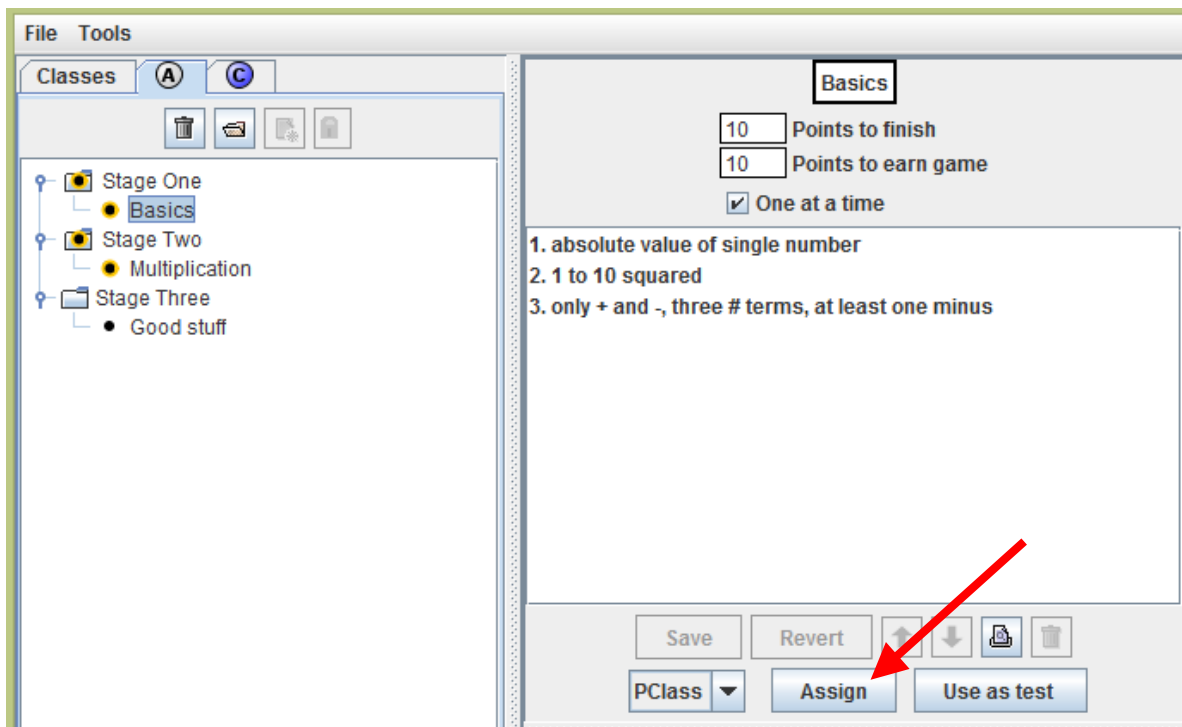

1. In the **Assignment** tab, click the assignment you want to give (on the left panel).

2. Choose a class from the dropdown list in the center panel.

3. Click **Assign** in the center panel.

4. Click **Yes** to confirm that new assignment material will be added to **Priorities**.

5. When students in the selected class log in, they will have to complete the **Points to Finish** for the assignment's problem types.
